Projects and Events Stay on Track

What a summer it's been! For me and my family, we've spent the last couple of months catching up on activities and traveling to see friends and family. The experience has been truly special. It took a pandemic, but, believe it or not, I was actually happy to finally get to see my mother-in-law again (*wink*). All kidding aside, I hope you've also been able to find similar opportunities to reconnect with the special people in your life.

Fortunately, the Board was able to handle most of the "heavy stuff" in June, which means everyone got a much needed break in July. Although we didn't have a meeting, the community enhancement projects we've been working on continue. The progress on refreshing our perimeter signage has been a welcome sight. Our crews have been working at a quick pace to get all of the stucco, painting and electrical work done so that new monument signs can be installed.

In other news, the **bollard lights** for the Lake 1 pathway have finally arrived. The installation of just under a mile's worth of lighting should be complete by the time this article is published. Supply problems resulting in delays seem to be common (*Anyone remember the great toilet paper shortage of 2020?*), and, unfortunately, these challenges affected our lighting project. Thank you so much your patience!

Work on the **Kavanaugh Dog Park** is also underway. We'll be ready to welcome our four-legged friends very soon. We've had a lot of interest in this project, and an announcement about the grand opening will be forthcoming.

Cooler weather is just around the corner, and we're on track to resume our traditional community gatherings this fall. We're planning to make this year's events special by incorporating some of the typical spring activities that we were forced to postpone. Stay tuned for event and activity updates online on the Events Calendar, on our social media pages, and on the Dobson Ranch App.

Be well!

The Best Place to Live, Work and Play

With a turbulent 2020 and a still uncertain 2021, it can be easy to see the negative in the world. I have seen the opposite here at Dobson Ranch.

Over the past year-and-a-half, I have seen the community of Dobson Ranch pull together, focus on the positive and support one another. The Board of Directors, who are responsible for serving and managing the goals and strategies of Dobson Ranch, have not missed a beat. When I look back at the challenges with meetings, such as technical issues and logistics, the Board overcame all of them and continued business as usual.

Committees and committee members were strengthened through the challenges. The committee chairpersons kept the committees on track and continued to make sound recommendations to the Board. They spent hours of their own time researching and reviewing projects, finances and management of the lakes to ensure that the shared common areas were kept in good shape and improved.

The residents themselves have contributed to the sense of community. They have supported one another, participated in the virtual, and now in person, events and met some new friends and neighbors. When I am out and about, I get to talk to residents enjoying the walking paths, fishing the lakes, utilizing the sports courts, and engaging with their neighbors. Even the informal meet-ups on front porches that I hear about and see shows how this community has come together. It makes me happy to see such a tight-knit community.

The staff at Dobson Ranch has excelled in these last couple of years. Even with the many new challenges that we faced, there never was a reason to not get things done. I could not be prouder of the improvements they have implemented and the creativity they used in accomplishing their tasks and goals.

Dobson Ranch is the best place to live, work and play, and I am proud to be a part of the community.

On another note, we have been working with our new accounting services firm, **Barkan**, to implement a smooth transition. Please see page 2 for more information.

Let us stay #DobsonRanchStrong! Thank you for the continued support of your neighbors, Board and staff.

Partnering with Barkan for Accounting and Financial Reporting

By Lynelle Glysson, Executive Director

We are happy to announce our partnership with **Barkan Management Company, Inc.** for accounting and financial reporting services.

The process of selecting Barkan was thorough and painstaking and the **Budget and Finance Committee** and the **Board of Directors** reviewed detailed proposals from four highly qualified companies. Barkan won the contract with their willingness to be flexible and fulfill the needs of Dobson Ranch as it pertains to managing our financials.

Barkan will be responsible for monthly financial reports to the Budget and Finance Committee and the Board of Directors. They will have an account manager attend each Budget and Finance Committee meeting to report on the financial status of Dobson Ranch.

There will be challenges and we hope the residents of Dobson Ranch will bear with us. **One important change will be homeowner account numbers.** The change in

software, from **Caliber** to **Yardi**, necessitates a change in account numbers. I know, we just did this when we switched to CIT. It is not ideal, but it is our reality.

I will keep you up-to-date on all pertinent information. **Please get on my weekly email blast list so you can get the most current information.** Send your email address to Nancy Roggio at nroggio@dobsonranch.com. I send out current and pertinent information each Monday.

On the positive side of the changes, we will now have standardized, easy-to-read monthly financials. Board members will have access to view all transactions for the Association. Please contact me directly if you have any questions at lglysson@dobsonranch.com.

Let us stay #DobsonRanchStrong! Thank you for the continued support of your neighbors, Board and staff.

What's New and Newsworthy

An article jointly written by **Lynelle Glysson** and I appeared in the July/August 2021 issue of

CommonGround magazine, a publication for Community Association Leaders from CAI (*Community Association Institute*).

The article talks about all the unique virtual events and contests we have had over the past 14 months that have helped Dobson Ranch residents cope with the COVID pandemic... all while keeping our sense of community going strong.

On another note, all **Ranchers' RoundUp** publications posted on our website between January 2020 and August 2021 have been made **downloadable**. You can now download and print or save your favorite articles to your own computer for future reference.

Three new applications are being added to the **Dobson Ranch App** as well over the next few months. The first use will be **Fillable Forms**. Several frequently used forms posted on our website will be converted to be fillable directly from the App. The process will be much easier and the information on the forms will go directly to the appropriate individual. This will include the Architectural Guidelines Application, the CC&R File a Complaint Form, and the Keyless Fob Application.

The second new application will be a **Resident-Owned**

Business Directory that will allow residents to find out about and frequent those local businesses that are run by Ranchers.

The third new application will be used for the upcoming **Fall Community Clean-Up** event which is scheduled for Saturday, October 9th. We will not only post the locations of all **Garage Sales** on the Ranch on our App, but list an overview of items that will be for sale at each location. You'll be able to plan your garage sale route more effectively and know where to find what you want. Watch for more information about these App updates coming your way soon!

July 2021

Marc Diaz has been an asset to the Dobson Ranch Facilities Department. He has made great connections with the maintenance and landscape teams who trust and respect his knowledge. He leads by example while holding high standards. He has been integral to the overall improvement in the common area maintenance standards.

Due to Marc's expertise with large semi-public pools, he introduced an automated chlorine and acid feeder system which, along with new bulk chlorine storage tanks, will save thousands of dollars per year and avoided this year's extreme shortage of chlorine tablets.

Marc is working closely with **Craig Wilson** to master the art of balancing lake levels through the seasonal cycles and forecasted weather conditions. Marc's contributions are greatly appreciated.

Congratulations, Marc!

Our August **Green Thumb Award** goes to **James Dodds** at 2147 S. Cholla.

A river of multi-sized rock runs through the front yard of the Dodds' desert home with minimal shrubs adding spots of color. Once you step foot inside the iron gate, the colorful burst of blooms in bright orange, yellow and fuchsia is a surprising and welcome sight for all visitors. The family pet may even be there to walk with you on the pathway leading to the front door. Potted plants, a stone tiered water fountain and other garden accents make this home a haven.

Homeowners, like James, taking pride in their property is what makes Dobson Ranch indisputably... *the best place to live!*

Photos: James Dodds

Congratulations James!

There are many impressive and well-manicured yards in Dobson Ranch that it's hard to pick just one each month. If you would like your yard or a neighbor's yard featured in a future issue of **RoundUp**, email nroggio@dobsonranch.com.

Monthly Update From Councilmember Heredia

The Mesa City Council recently adopted the **Climate Action Plan**, which sets four Aspirational Goals: Carbon Neutrality, Renewable Energy, Materials Management, and Community Action.

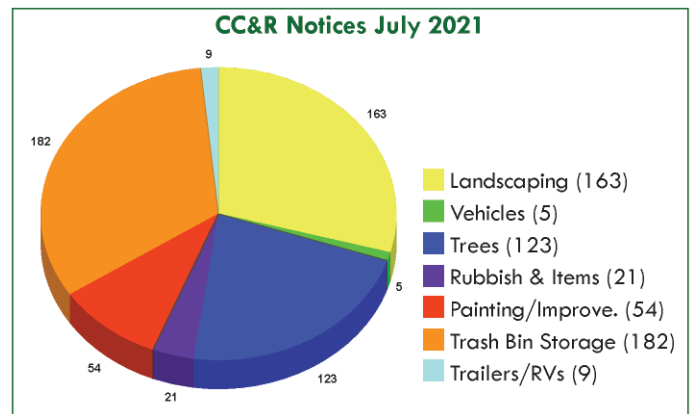

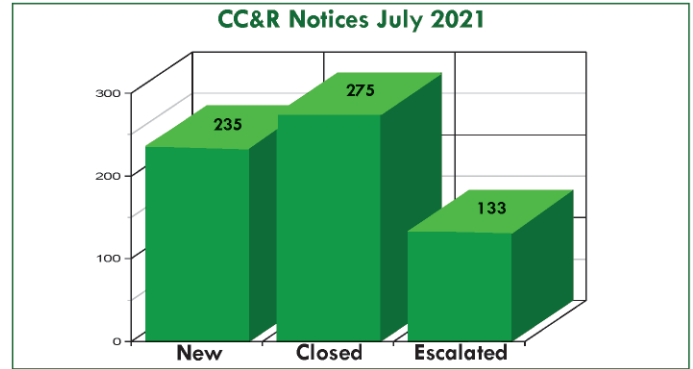

I'm proud to be a member of the Mesa City Council that took this important action, and I look forward to working with the community in developing community-based action items to help the Climate Action Plan evolve over time. For more information, visit www.mesaaz.gov/climateaction.

On another note, we are currently in the process of redistricting. **What is redistricting?**

Over time, people move and neighborhoods change. That's why every 10 years Mesa is required to redraw its City Council districts based on the latest U.S. Census data in a process called redistricting. The redistricting process helps ensure Mesa residents receive fair and equitable representation in our local government by equalizing the number of residents in each district. Because local residents know their communities best, the redistricting process offers numerous opportunities for public participation. Learn more and get involved! www.mesaaz.gov/government/redistricting

Stay tuned as I share more updates in upcoming **Ranchers' RoundUp** publications.

New Paint Colors

I am excited to announce that coming soon Dobson Ranch will have new paint colors for Body, Trim, and Door. We will still be using **Dunn Edwards** and **Sherwin Williams** and introducing **Behr Paint** as choices. Colors will be updated on the website for homeowners to view and there will also be updated Paint Chip books in the office. Please remember before you paint your home, to please submit an **Architectural Application** with the Administration Office. You can find the Architectural Applications online or in the Admin. Office at La Casita. All approved Dobson Ranch colors can be approved in the office. If you would like to use a color that is not approved, then that application will need to go to the DRAC Committee.

If you have questions regarding Architectural Applications or Code Compliance, please contact our Administrative Office and we will be happy to assist you.

DESERT LANDSCAPING TIPS & TRICKS

Palm Tree Care

by Sue Hakala, Certified Volunteer Master Gardener

Consider the mature size of a palm tree when selecting one for your landscape. Also choose one that is adapted to live in our Arizona climate and will like living in the microclimate where you place it. Some places in our landscape are cold pockets where plants will freeze more readily, and palms won't like. Palms can grow in the full sun but appreciate some afternoon shade.

Palm trees seen around Dobson Ranch include **pygmy date palm** (*Phoenix roebelinii*), **Mexican fan palm** (*Washingtonia robusta*) and **Canary Island date palm** (*Phoenix canariensis*). They all can withstand our brutal sun and (usually) survive frosts.

Many people like the feathery look of a **queen palm** (*Arecastrum romanzoffianum*). Researchers have found that spider mites and root nematodes are attracted to this palm. It is also more susceptible to chlorosis (*yellowing of the leaves*) and bud rot.

If your palm leaves are injured by a frost, don't remove them until spring. If you take them off too soon, the remaining leaves are more vulnerable to frost without the protection of the old leaves.

Palms can be planted throughout the year, but the best time is in the warm months when roots are most actively growing. They need deep watering on a regular basis for good growth and good health. Water every 3 weeks in the warm/hot months. Check your watering depth by inserting a metal rod of some type to be sure that water goes down in the ground a good foot. Apply the same amount of water every 4-6 weeks in the cool months. Be sure that water isn't going into the very top of the plant at the base of the leaves as this can lead to rot.

A regular fertilizer program will keep your palms healthy and happy. Use a garden fertilizer with lots of nitrogen, applying it according to the manufacturer's directions, around the tree at the drip line in March and again in June. Make sure it's well watered in so the fertilizer gets to the roots.

Sego palm (*Cycas revoluta*) is not a palm but a cycad. They need to have some afternoon summer shade here. Care for them as you would a palm tree.

That's a Wrap for the 41st Season!

By Kathrine Blomquist, Dobson Dolphins Board President

The Dobson Dolphins completed their 41st swim season and it was a tidal wave of fun! This year's team was composed of 118 swimmers from Dobson Ranch and surrounding communities, and for a full eight weeks, the team spirit shined bright. The team worked hard at practice, excelled at fundraising, and made a community full of support and friendship.

This year the team welcomed four new coaches: Head Coach **Katie Kenyon-Appelt**, Assistant Coaches **Brennan Sweeney** and **Lauren Swindler**, and Coach-in-Training **Samantha Lint**. The coaches lead the team through daily practice, dry land workouts, the Olympics, swim meets (and *swamp ball*) to name a few. Throughout the summer, the coaches worked with swimmers on techniques to help foster a sense of confidence and they were adored by the swimmers.

Aside from swimming, the season brought about other memories. A few days had inclement weather, but that didn't stop the team from being flexible and enjoying a round of Ultimate Ball. Blue yard signs were displayed around our neighborhoods after a long hiatus, and the team donated

15 cases of water to the Mesa Hydration Donation Campaign. We also held our evening Awards Ceremony once again on July 23 at La Casita and enjoyed a welcome by City of Mesa Councilmember **Francisco Heredia**.

Financial support from family and friends reached all-time highs this season. Both the Swim-a-thon and dining fundraisers brought in the most amount of donations in the history of the team! As a 501(c)(3) public charity, sponsorships and donations help us to keep registration costs low, giving us the opportunity to provide the best swim team possible. For the Swim-a-thon, the team swam over 78 miles and raised over \$3847.16. The dining fundraisers, held at our local *Dairy Queen*, *Goody's*, *La Famiglia*, and *Zoyo*, brought in a combined total of \$883.60. Thanks, everyone!

Thank you, swimmers, for bringing your dedication to the team day after day. The team has been around 41 seasons because of swimmers like you! We hope to see you for the 42nd season. Check out DobsonDolphins.com or like "Dobson Dolphins Swim Team" on Facebook for information on next season. Details will come in early spring 2022.

It Probably Might Rain, Maybe

By Joseph Trickett, Water Management and Lake Habitat Committee Chairman

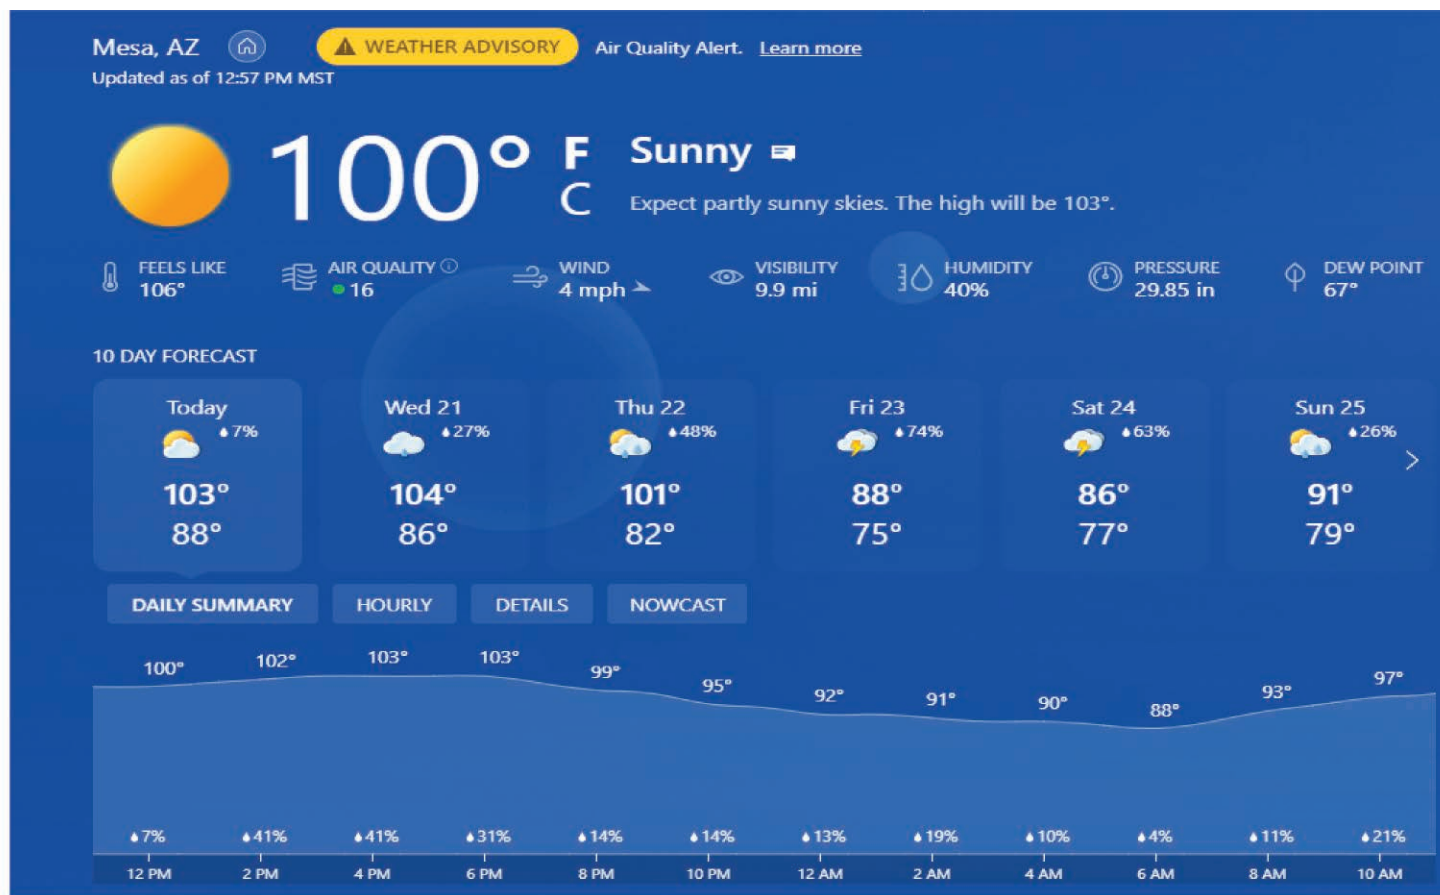

With a good start to our Monsoon season bringing rain early in and throughout July, many of us may find ourselves checking the weekly forecast several times throughout the week. In my case, when I see there is a chance of rain for a particular day, I find myself checking the weather app on my phone multiple times throughout the day. Sometimes, to my dismay, I watch the percent chance of rain shrink steadily as the time of the potential shower approaches. Then there is the occasion where the percent chance of rain is near to or at zero, yet rain persists.

In a recent poll on people's knowledge of weather forecasts, most people believed that if the forecast calls for a 60 percent chance of rain, that means that it will rain across 60 percent of the area. This is a common belief, but it is only half right. In reality, the chance of rain, or probability of precipitation (POP), is based on a mathematical formula that takes the forecaster's confidence into account. That formula is: **POP = Coverage x Confidence**.

To use a simple example, if a forecaster is 100 percent confident that 40 percent of a given area will see measurable rain, the POP is 40 percent. Of course, 100 percent confidence almost never happens in science, so the formula is often more complicated. For instance, if a forecaster is 50 percent sure that rain will occur and expects that, if it does occur, 80 percent of the area will see rain then the chance of rain would be 40 percent, because 50 percent of 80 percent is 40 percent.

This might sound complicated, and that's because weather forecasts deal in probabilities and probabilities often require complicated math. The good news is that the average person doesn't need to get out their calculator every time they read the forecast. According to the National Weather Service, if you see a 50 percent chance of rain for a particular area, there is a 50 percent chance that rain will occur at any given point in that area. Here at the Ranch, we take into account the probability of precipitation as well as seasonal and other factors to adjust the draw for our lakes to either maintain water levels or make room for any potential downpours. We also use "Smart" irrigation controls which measure soil moisture to automatically adjust our watering schedules.

Current and past rainfall data can be accessed at: www.maricopa.gov/625/Rainfall-Data

Mesa weather forecast from Tuesday, July 20 showing probability of precipitation hourly and for rest of week.

From the Recreation Director's Desk

By Jesse Wright
Recreation Manager

It's hard to believe with the temperatures in the 100s that fall is just around the corner. That means the weather should be cooling off, football will be starting, and there'll be fans in the stands (Go Packers) and Dobson Ranch will have a full roster of fun, family-focused fall events.

First up is our ever pup-ular **Bark in the Park** event on Saturday, September 11. Bring your four-legged friends out to Laguna Park for a doggone good time. You can sign up to participate in three virtual contests (*best trick, dog owner lookalike and most patriotic pooch*) by emailing your entries starting August 30th - September 3rd by noon to jwright@dobsonranch.com. There will also be vendors there that cater exclusively to your canine. Look for the ad on page 18 for more information.

It just wouldn't be fall without our **17th Annual Golf Tournament**. The Golf Tournament event is Saturday, September 18 at Dobson Ranch Golf Course. Registration has started at La Casita Recreation Center. Please sign up if you are interested in playing. You can register individually or as a foursome.

Our **Garage Sale, Community Clean Up & Shred** event is on Saturday, October 9. This year, our Dobson Ranch App will help you find exactly what you are looking for at all of the garage sales on the Ranch. Watch for more details to come.

We are also offering a **Fall Break Camp** for children ages 6-12, that will run Monday-Friday, October 4-8 at La Casita Recreation Center. See more information in the ad on page 18.

Hope to see you all at the upcoming fall events!

Tennis Tip for August: The ABCs of Serving

By Kwong Young
Dobson Ranch Tennis Professional

Know Your ABCs

Before a pitcher pitches, a golfer swings, a bowler bowls, all of these athletes perform one major thing. They all look at their intended target. Before a server serves in tennis, he or she should look at their opponent in the service box as well to visualize where they will be sending their serve. **The ABCs of Serving** are: **A - Angle**; **B - Body**; and **C - Center**.

Many times servers will come up behind the baseline, bounce the ball and never look out to the receiver to see if they are actually ready to receive or not. This also pertains to checking all the players to see if they are all in the "Ready Position" to play.

One last thing to add is when the serve is long, you should not hit it back ever, since this will add wasted time and your opponents will then think you played it since you returned the ball. If the ball is long, simply let it go by you and call it out or tap it into the net. Doing this will eliminate wasted time and it's proper tennis etiquette to do so.

PLEASE NOTE: Coach Kwong will be out of town during most of August and will not be offering any tennis classes. However, Coach Kwong will offer private lesson time by appointment only during August. You can reach Kwong at (480) 759-2248.

Cost: \$7 drop in rate, \$30 resident only for a 5-use punch card (expires 10/07/21)

Aqua Zumba keeps the Zumba Fitness workout party going in the pool. Aqua Zumba is classic aqua aerobics with Latin flavor added to regular Zumba routines. The typical land-based Zumba dance steps, such as cha-cha,

merengue, salsa, reggaeton, and mambo, are exaggerated and slower in water, so the water tempo is half the land tempo, creating a low-impact work out for all fitness levels. There is less impact on your joints during an Aqua Zumba class so you can really let loose. Water creates natural resistance, which means every step is more challenging and helps tone your muscles.

WATER AEROBICS

Instructor: Becky
When: Mondays – Thursdays (June 7 - October 7)
Where: La Casita Recreation Center Pool
Time: 7:30 am – 8:20 am
Cost: \$4 drop in rate, \$12 resident only for a 4-use punch card (expires 10/7/21)

This morning class will get you ready for the day. The class consists of exercises done in shallow and deep water. It will change your movements and get your heart rate going without all the jolting. Expect to have fun while working out.

Dobson Ranch Independents

By Jack Wagner, Chairman & Dobson Ranch resident since 1979

The Past = History
The Present = Living our lives
The Future = Where we are going

Always has been, always will be the above!
Interestingly, the above has a connection to behaviors.
Past and present behaviors determine future behaviors!
Pursuing further connections, your behavior, your actions today, will determine where this Country is going.

244 years and still going strong -or- a dismal/despair experiment into mediocrity socialism which, from history, has never succeeded anywhere.

Dobson Ranch Retirees' Club

By **Frank Saavedra**, former Club President

A lot of changes have had to be dealt with these last months, and changes will continue to go on. I believe that it was the Greek Philosopher Heraclitus that said, *"The Only Constant in Life Is Change."*

Our club has undergone some very recent changes. The current president (*me*) is preparing to move back to his hometown, and has had to resign that position. The current vice president has had to resign that position due to personal reasons. Fortunately, we have two capable club members that have stepped up to take over those offices and, as per the bylaws, they have been appointed by the existing club officers.

In spite of these changes, the club continues almost as though no change has taken place. The monthly club activities continue as usual, the monthly club General Meeting will take place as usual, and the Board will continue to prepare for future activities as though no change has taken place. Our new club president will become the author of future *RoundUp* articles about the club. As such, you will see an improvement in the quality of the articles.

I will take this opportunity to thank our HOA for their patience and assistance during this transition, and extend my thanks to our new president and vice president for stepping up when they were really needed.

God Bless You!
Frank

Monsoon at Last! Court Reconstruction Starting Soon...

By **Rich Bitner**, Recreation Committee Pickleball Representative

The monsoon is finally here, and we are playing pickleball as best we can when Mother Nature permits. Please be sure to get on our email list for notification of weather cancellations, and to learn about our expected relocation to the Saratoga Tennis Courts sometime in early September when court renovations at Los Altos are expected to start.

In the meantime, if you can join us, please pre-hydrate, bring some Gatorade or cool water to stay hydrated, and a wet towel around the neck does help.

Our Association courts are available between 7:00 am and 10:00 pm every day to residents with a fob, and we are glad to orient newcomers to the sport anytime you might want to come out during our "Drop-In Hours." If you want a chair, please bring one, and we do have shady places to relax near the Los Altos Lake. The newly-remodeled bathrooms do feature air-conditioning, which is a welcome relief to those who may feel they are getting over-heated.

Our "Drop-In" hours remain at Monday, Wednesday, Friday

Laura and **Richard Perry** on the court with **Casey** waiting his turn to play.

and Saturday mornings starting at 7:00 am, and Monday and Thursday evenings under the lights starting at 6:30 pm, or earlier.

Please contact **Rich Bitner** (rebitner@cs.com) or **Frank Mizner** (planner1948@gmail.com) for further information, to get referrals for professional instruction, and to get on our email list for announcements regarding pickleball schedules and activities. Please contact **Donna Ransom** at donna85202@gmail.com to get on her email list for Monday and Thursday night play.

Stay Healthy, Practice Safe Exercise, Get the Vaccine & Pickle-On!

Women's Club

By **Patty Smith**, Women's Club President

We have had a Monsoon with real rain! It has helped our firefighters get 26 of our fires under control.

Bunco – **Laurie** sent up a sign up for hosting Bunco for the year. You get to choose your own date.

Out to Lunch – **Chris** will send out information on the September luncheon.

Phyllis Bleakley and **Phyllis Sipes** need our thoughts and prayers. Thank you for your support and caring.

Laurie is continuing to heal after her knee replacement. She isn't dancing yet, but working on it.

Enjoy the rest of the summer. Have a safe **Labor Day** weekend!

Critical Thinker & Problem Solver

Investigates, learns and sees more than one way to solve a problem

This fall, Mesa Public Schools families will learn more about the district's innovative strategic plan and *Portrait of a Graduate*.

In 2017, the Mesa Public Schools Promise was adopted by the Governing Board. The promise states that every student is known by name, served by strength and need, and graduates ready for college, career and community.

The strategic planning process began in 2018 to answer the question: Once the Promise is fulfilled, what would a graduate look like? For eight months, the district spoke with parents, students, staff and community members about their vision for the future to create the *Portrait of a Graduate*. This includes essential attitudes and skills for a graduate to be successful. The attitudes are ethical, inclusive and resilient. The skills are collaborator, communicator, community contributor, creative thinker and innovator, and critical thinker and problem solver.

"We believe through the strategic planning process, our Promise and the *Portrait of a Graduate* that if we align resources, engage our community, ignite a culture of learning and well-being, and ensure equity for all students, we will achieve college, career and community readiness," says **Dr. Andi Furlis** superintendent.

Helen Hollands, executive director of information and outreach, says a strategic plan helps a school define what it intends to achieve when it comes to student success objectives and organizational goals.

"With a plan in place, the Governing Board has a roadmap it can track, evaluate and modify to facilitate better governance decisions and provide direction for the future of the school," Hollands says.

Helping all students succeed

Felicia Fraizer-Bisner is a 2021 Dobson High graduate who will attend Yale University this fall. She says her experiences mirror the essential attitudes in the *Portrait of a Graduate*.

"Dobson's diverse community gave me a great foundation to experience a variety of unique perspectives," Bisner says. "I think my service learning and volunteering provided something tangible to apply what I was learning. Plus, when I give back to my community, I know that I always leave feeling good. It's a great way to make community connections."

Heather Sharpe is a National Board Certified Teacher at Mountain View High School. Her art classroom exemplifies the *Portrait of a Graduate* and the applications necessary for students to be successful in the workplace.

"I may not be able to introduce everything there is about the world of art, but I can teach my students how to approach it, to edit and think for themselves," Sharpe says. "I can provide a sense of community so my students learn the important skills needed to thrive after high school, and to ensure they have the tools and skills needed for college, career and community."

DISPLAY ADVERTISING: Display advertising is offered in 1-month (1x TRIAL ONLY), 3-month, 6-month, and 12-month contracts, with the minimum being a 1-month trial. **Contracts must be paid in full at time of ad placement unless other arrangements have been made with the Editor.** Prompt payments are the responsibility of the advertiser. Payments may be made online at dobsonranchhoa.com (3% processing fee applies), by mail or in person. Non-payment or payments received after the **10th** of the month will result in **cancellation of ad and a \$20.00 late fee.** Over the phone payments cannot be accepted. **The deadline is the 10th of the month prior to publication, no exceptions.** Submit camera ready ads in .pdf or .jpg format to nroggio@dobsonranch.com.

CLASSIFIED ADVERTISING: Classified ads are limited to 40 words. Only the first few words in the heading will be in all caps. **All business and non-resident classified advertising is \$1.00/word.** Cost for resident's non-business classified advertising is \$0.50/word. Applicable tax will be added to amount due. Payment is due at the time of ad placement. Prompt payments are the responsibility of the advertiser. AD DESIGN ASSISTANCE: If help is needed in creating an ad, please contact our Editor, Nancy Roggio at 480-831-8314 for more information. Pricing depends on size of ad and on the complexity of the design requested.

AD PRODUCTION SPECS: GRAPHICS

- Display ads must be submitted in a color, camera-ready .pdf or .jpg file, maximum of 10MB in size. Scanned ads are not acceptable.
- Graphics obtained from websites are not acceptable. The resolution is too low for reproduction.
- Save all images at 200 dpi. (NOTE: Higher resolution does not enhance quality for reproduction. It only makes files larger.)
- Precision of color cannot be guaranteed. The Publisher uses four-color-creation (CMYK) while many programs utilize a three-color-creation (RGB).
- Please make sure font is clear and large enough to be read when published. Font sizes below 8 point should not be used. Be sure to print your ad to size to check if type is readable before submitting.
